WINEMAKING

The grapes were picked at optimum maturity with an average sugar of 25 Balling. Pinotage was harvested early in February and the Merlot was harvested 3 weeks later. The varieties were vinified separately between 28-30 degrees Celsius with regular the pump over for color extraction. After fermentation the wine was racked and blended and then completed malolactic fermentation in stainless steel tanks. Prior to bottling the wine was stabilized, racked once more and lightly filtered. The blend consists of 50% Merlot and 50% Pinotage

**TASTING NOTES AND FOOD
PAIRING**

A soft and fruity blend of Merlot and Pinotage. Ripe & juicy mulberry and plum flavours of Merlot complements the red berry and spice flavours of Pinotage. Perfect for tapas, grilled meat and pizza.
